Thursday 3-4-21

Learning Goal: I will understand various aspects regarding the element of art, shape including the definition of shape, geometric and organic shapes, positive and negative shapes, and how shape can be used to draw representationally.

Daily Question: How can a negative shape become a positive shape?

AGENDA: How I will learn it?

- Complete 2 different Sketches of Creative P & N shape designs
- Continue final paper

Week 7

How do I know I learned it?

When I can score at least a 3 on the scale

- 4 I can correctly complete this activity innovatively.
- 3 I can correctly complete this activity independently
- 2 I can correctly complete this activity using peers assistance
- 1 I can correctly complete this activity using teacher assistance

Announcements

In terms of grading, if you uploaded your assignment under the Make-Up Folder, remember that is the last folder I check. Current work takes precedence.

Regular Positive and Negative Space

Creative Positive and Negative Shape Final

How is this done?

By bringing the two images together and attaching one to the negative space.

Creative Positive and Negative Shape Sketches

In your sketchbook create two different sketches of a positive and negative design. The positive shape needs to be continuous line or shape. Have reason why you chose the images to combine. *Do not use an image from the internet, that is plagiarism.

Start by asking yourself the following questions:

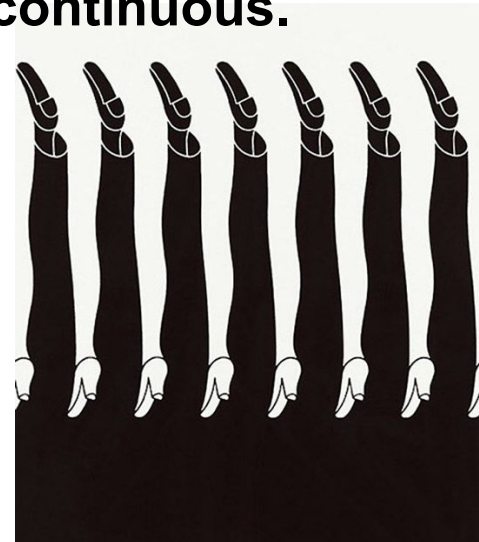

1. What is a theme?
2. What two images that's associated with the theme?
3. Which image is the positive shape and what part of the image do you want to be connected to the negative space?

CHECKLIST FOR SUCCESS:

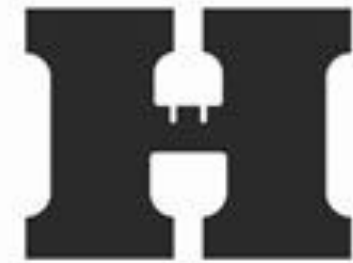

- At least 1 image that is the positive shape
- At least 1 image that is a part of the negative space
- Either the negative or positive shape should be continuous.

POSITIVE SPACE

Examples:

Creative Positive and Negative Shape Final

- 1. Choose your final Sketch**
- 2. Use Black or White Construction paper to draw your positive shape and then cut it out**
- 3. Glue it on the opposite color paper.**

CHECKLIST FOR SUCCESS:

- At least 1 image that is the positive shape**
- At least 1 image that is a part of the negative space**
- Either the negative or positive shape should be continuous.**

Drawing Challenge - Silver Day - 5th per

Directions: (This assignment is on www.katundra.com >classroom> 2d1 > find the date)

You will complete the copy challenge. Set up a grid that has 16 sections. **Use the full page and add value with either color or graphite.** You can also use a digital drawing program like Photopea, Photoshop, etc. Upload your challenge to Artsonia by the end of class. ***If you finish early you can work on the other challenge.**
